Hunting in the McIlvaine Town Forest

September 21, 2015

The McIlvaine Town Forest is comprised of 203 woodland acres located near Osgood Street, Bayberry Road, Fletcher Road, and Corliss Road. This town forest property is being actively managed by the Windham Forestry Committee under RSA 31:111.

Hunting for deer and other game is an allowed use in the McIlvaine Town Forest. However, due to a planned timber management harvest anticipated for this fall, hunting tree stands may not be left on the property. Any stands removed in preparation for the harvest will be temporarily held by the Windham Forestry Committee.

By-laws governing hunting at other town conservation areas are available on the town website, www.WindhamNH.gov.

General hunting regulations and license information can be found at the NH Fish & Game website, www.wildlife.state.nh.us.
